REPRESENTATIVE EXPERIENCE

Contract dispute between U.S. Global, LLC and Progress Energy (Florida Circuit Court, and Fourth District Court of Appeal). Julie was part of the team representing U.S. Global, a Fort Lauderdale based energy company, against Progress Energy, Inc., a large public utility company. The dispute arose out of the sale of facilities which produced a synthetic fuel from coal that qualified for federal tax credits. The trial resulted in a favorable jury verdict, with prejudgment interest, exceeding \$132 million. An appeal to the Fourth District Court of Appeal resulted in an affirmance of the judgment on one of the contract claims, which translated to a recovery of more than \$90 million. The balance of the case was remanded for further proceedings, and was later resolved favorably, by agreement, for an additional \$13.5 million, bringing the total recovery in the case to over \$103.5 million.

Obtained summary judgment on behalf of national lender on a \$20 million lender liability counterclaim asserting breach of contract, promissory estoppel, negligent misrepresentation, and breach of fiduciary duty.

Dispute between purchaser and developer of luxury ski home in the Yellowstone Club (Montana District Court and Montana Supreme Court). Julie was a member of the Stearns Weaver Miller team called in on appeal to represent the developer, resulting in a unanimous opinion reversing a \$2.5 million judgment against our client and remanding for entry of judgment in our client's favor.

Represented inventors of exercise equipment intellectual property in complex breach of contract and patent dispute resulting in unconventional and favorable settlement.

Defended financial institution against breach of contract claims relating to the purchase of tax certificates in multiple jurisdictions.

Member of litigation team that represented class of 12,000 Exxon dealers in contract-based class action lawsuit against Exxon Corporation that resulted in the recovery of more than \$1.1 billion.

Successfully represented a pro bono client who had been tricked into signing a quit claim deed giving up title to half of his house. After 3 years of contentious litigation, obtained summary judgment on claims of quiet title and breach of contract, recovering clear title to the client's home of more than 30 years.
