Extension of Foreclosure and Eviction Tolling | Executive Order [20-159](#) | With the impacts of COVID-19 continuing to impact citizen's ability to pay for mortgages and tenancies, the Governor extended the suspension and tolling of all foreclosures and residential evictions until August 1, 2020. As before, the order does not relieve or forgive any requirements to pay rent or mortgages, it just stops the remedy process while the emergency is active.
