

## RECENT STATE OF FLORIDA GOVERNMENT ACTIONS

**Foreclosure and Eviction Tolling** | Executive Order [20-137](#) | With the impacts of COVID-19 continuing to limit some citizen's ability to pay for mortgages and tenancies, the Governor extended Executive Order 20-94 (which had previously been extended by Executive Order 20-121). Under this latest extension the suspension and tolling of all foreclosures and residential evictions is extended until July 1, 2020. The order does not relieve or forgive any requirements to pay rent or mortgages, it just halts the remedy process until the order expires.
