

RECENT STATE OF FLORIDA GOVERNMENT ACTIONS

Local Government Meetings | Executive Order [20-193](#) | The Governor took action to extend the ability of local governments to hold virtual meetings; this time well in advance of the expiration of that ability. EO-179 extended the capability through August 31, 2020. EO-193 extends that ability to 12:01 on October 1, 2020. During this Executive Order, local governments can establish a quorum virtually instead of physically.
