

Stearns Weaver Miller Launches Firm-Wide Fundraising Campaign to Raise Money for Sylvester Comprehensive Cancer Center and Moffitt Cancer Center

MIAMI, FL – January 14, 2019 – Stearns Weaver Miller announced that employees are participating in a Firm-wide fundraising campaign to raise over \$100,000 for cancer research, with the proceeds benefiting Sylvester Comprehensive Cancer Center at the University of Miami and Moffitt Cancer Center.

This cause is very close to the Firm’s heart, as the disease is currently affecting multiple employees and their families personally. The Firm is committed to supporting these centers, whose medical support, innovative technology, and progressive treatments have been instrumental in the positive outcomes and prognoses of many employees.

“The whole Stearns Weaver Miller family is ready to tackle this challenge. We all know someone who has been affected by this horrible disease and we want to rally behind our employees who are currently fighting to push for a cure. We are excited to see how far we can go beyond our goal,” said Managing Director Rick Schatz.

Sylvester and Moffitt are the only two National Cancer Institute (NCI)-designated cancer centers in the state of Florida. This honor is awarded by the NCI to centers that “meet rigorous standards for transdisciplinary, state-of-the-art research focused on developing new and better approaches to preventing, diagnosing, and treating cancer.”
