

CHANGE

Data Source: Florida Department of Health, Florida COVID19 Cases by Zip Code, July-8-2020. This data represents the change in weekly positive COVID-19 tests from 7/01/2020 to 7/08/2020.

Notes:
 Zip Codes where the total cases are Less than 5 or Less than 5 county-wide are not included in these calculations.
 These totals may not reflect the numbers shown on the department's official data dashboard.
 Some zip code differences may reflect corrections over time.

| TOTAL CASES | | NET CHANGE |
|----------------------|----------------------|------------|
| WEEK ENDING 07/01/20 | WEEK ENDING 07/08/20 | |
| 49,197 | 63,601 | 14,404 |
