

CHANGE

TOTAL CASES		NET CHANGE
WEEK ENDING 09/16/20	WEEK ENDING 09/23/20	
656,448	675,355	

Data Source: Florida Department of Health, Florida COVID19 Cases by Zip Code, September-23-2020. This data represents the change in weekly positive COVID-19 tests from 9/16/2020 to 9/23/2020.

Notes:
Zip Codes where the total cases are Less than 5 or Less than 5 county-wide are not included in these calculations.
These totals may not reflect the numbers shown on the department's official data dashboard.
Some zip code differences may reflect corrections over time.
