Resources

Government & Administrative
Land Development/Land
Use/Zoning
Real Estate

OVERVIEW

Susan L. Stephens has 30 years of experience practicing environmental & natural resource and administrative law, including rulemaking practice and procedure and administrative litigation. Her practice focuses on balancing property and resource use with competing private, governmental and citizen interests.

Susan is Board Certified by The Florida Bar in State & Federal Government & Administrative Practice*. She represents clients before various federal, state, regional, and local environmental agencies in connection with the obtainment, interpretation, compliance and enforcement of environmental permits for regulated industrial, commercial, and development activities. This representation includes matters related to resource extraction, wetlands and mitigation banks, agritourism, wastewater, submerged lands, and state and federal listed wildlife. This has included significant experience working with state agencies to obtain State 404 wetland permits. She also has experience with compliance and enforcement matters involving unanticipated bypasses, "Act of God" emergency authorizations, spills, unpermitted wetland or species impacts, or similar compliance and enforcement issues.

Susan has extensive experience assisting in the development of policy and regulatory initiatives, which has included the development of Florida's major regulatory projects such as its State 404 Permit Program, Title V Air Operating Permit Program, National Pollutant Discharge Elimination System (NPDES) Wastewater Permitting Program, and state listed species permitting guidelines. She also has experience with complex administrative and judicial challenges to proposed and final permits. in both the state and federal arenas.

Additionally, Susan has assisted clients in conducting internal self-audits for environmental compliance as well as environmental due diligence reviews for real estate transactions. She has represented clients before the Department of Transportation on matters such as access management and activities in highway rights of way.

Prior to joining the Firm, Susan was a Shareholder in a boutique law firm and, before that, a Partner at an international law firm, both in Tallahassee, Florida.

**With only 7% of eligible members certified, Board certification is The Florida Bar's highest level of evaluation of a lawyer's competence and experience in a particular area of practice. It identifies lawyers with "special knowledge, skills and proficiency, as well as a reputation for professionalism and ethics." To achieve certification, a lawyer must endure rigorous examination and testing and be evaluated by their peers.*

Areas of Concentration

Clean Water Act 404 and State 404 permitting

Consumptive use permitting

Environmental compliance, due diligence and permitting

Mining/Minerals/Resource Extraction

Mitigation banks

National Environmental Policy Act compliance

State-owned lands

Submerged lands

Wastewater/Stormwater

Water Resources

Wetlands

Wildlife/Imperiled Species

Industry Sectors

Agricultural interests

Chemical blending and manufacturing

Glass manufacturing

Mining operations

Paper mill operations

Phosphoric acid, fertilizer and feed manufacturing operations

Power generation and transmission operations

Real estate developers

REPRESENTATIVE EXPERIENCE

Represented a major aggregates mining company and property owners in obtaining local approval and state and federal environmental permits, including in public hearings and administrative challenges, for limestone mines in Levy, Lee, and Taylor Counties, Florida.

Represented major phosphate mining companies in obtaining local, state, and federal environmental permits, including in public hearings, administrative challenges, and appeals in state and federal court, for multiple phosphate mine projects in Central Florida.

Represented real estate developers in obtaining state and federal environmental permits for mixed-use developments in Central Florida.

Represented a real estate developer in obtaining water use permits for a mixed-use development in Central Florida.

Represented a paper mill in Georgia in obtaining and renewing wastewater discharge permits, including in an administrative challenge to the initial permit, for the discharge of mill effluent in Florida.

Represented a real estate developer in an action for civil penalties brought in circuit court for alleged environmental permit violations associated with two developments in South Florida, obtaining a voluntary dismissal with prejudice for the client.

Represented a real estate development in an action challenging its driveway access permit issued by the Florida Department of Transportation for a proposed development project in Sarasota County, and in challenging action taken by the Department to modify its driveway access at an existing shopping complex in Miami-Dade County.

Represented a major aggregates mining company in addressing unilateral action taken by a neighboring municipality in Central Florida that adversely affected its access to and use of its principal truck haul route.

Represented a glass manufacturing company before the Jacksonville Environmental Quality Division in addressing alleged air permitting violations at its facility in Jacksonville, Florida.

Represented real estate developers before the Florida Department of Environmental Protection in obtaining "State 404" wetland permits.

Represented a development company in Central Florida in an enforcement and permitting action brought by the Florida Fish and Wildlife Conservation Commission related to gopher tortoises.

Represented development companies in Central and South Florida in technical assistance and permitting negotiations with the U.S. Fish and Wildlife Service.
