Thomas also has extensive appellate experience.

REPRESENTATIVE EXPERIENCE

Represented Cleveland Clinic Florida ("CCF") and Cleveland Clinic Hospital ("CCH") at trial in the United States District Court Southern District of Florida. The Plaintiff alleged that CCF, through its employed emergency medicine physician, and CCH, committed medical malpractice in failing to diagnose, treat, and admit the patient to the hospital for an abdominal infection thus leading to multiple surgeries and permanent scarring. The Plaintiff sought damages in excess of \$2,000,000. The trial lasted six days (with deliberations briefly spilling over to a seventh day). CCH's motion was granted for directed verdict at the close of our case in chief. The jury subsequently returned a verdict in favor of the remaining Defendant, CCF. The jury took less than three hours total to deliberate before finding the CCF's emergency room physician met the standard of care in all regards as it related to the Plaintiff's medical care.

Representation of major healthcare institutions in Florida in all aspects of litigation, including professional liability, commercial liability, general liability, and licensing for physicians, nurses, pharmacists and other healthcare professionals.

Represented a publicly-traded holding company, BFC Financial Corporation, now BBX Capital Corporation, its subsidiaries, and certain officers and directors in a complaint seeking to challenge the merger of BFC and BBX valued at over \$250 million. The case was dismissed with prejudice because the Florida appraisal statute provided the exclusive remedy. The order has since been affirmed by Florida's Fourth District Court of Appeal.

Handled multiple managed-care lawsuits involving multi-million dollar counterclaims and fee disputes arising out of no-pay, slow-pay or incomplete-pay claims.

Representation of The Dow Chemical Company as statewide counsel for national mass-tort silicon breast-implant litigation. Coordinated discovery, filed and argued dispositive motions, attended regional and national counsel meetings, and appeared in state and federal courts.

Representation of Michelin North America in wrongful death and catastrophic injury cases involving tire defect claims in Miami-Dade, Broward, and Palm Beach counties.

Representation of drug manufacturer as Florida counsel in cases alleging defective drug and pharmaceutical products.

Obtained a defense verdict on behalf of a South Florida hospital and emergency room personnel in high-profile, multi-million dollar medical malpractice claim.

Obtained a defense verdict in month-long medical malpractice trial seeking more than \$10,000,000 in damages.

Obtained a defense verdict in a medical malpractice case in the United States District Court Southern District of Florida on behalf of an international healthcare company and its affiliated South Florida Clinic and Hospital in which the Plaintiff sought over \$2,000,000 in damages.

Represented Knauf companies, global producers of building materials and construction systems, in all Florida state court cases brought for damages arising out of alleged defects in the manufacture of drywall imported from China to the U.S. Served as Knauf's primary counsel for Broward County cases.

Defense of multi-million dollar commercial fraud dispute involving the purchase and sale of nationally-known companies.
